PCP

SYSTEMIC SUSTAINABILITY TRANSITION SOLUTION FOR HEALTH CARE ORGANISATIONS THROUGH PCP

suHCO accelerates the sustainability transition in healthcare

3 procurers from 3 European countries

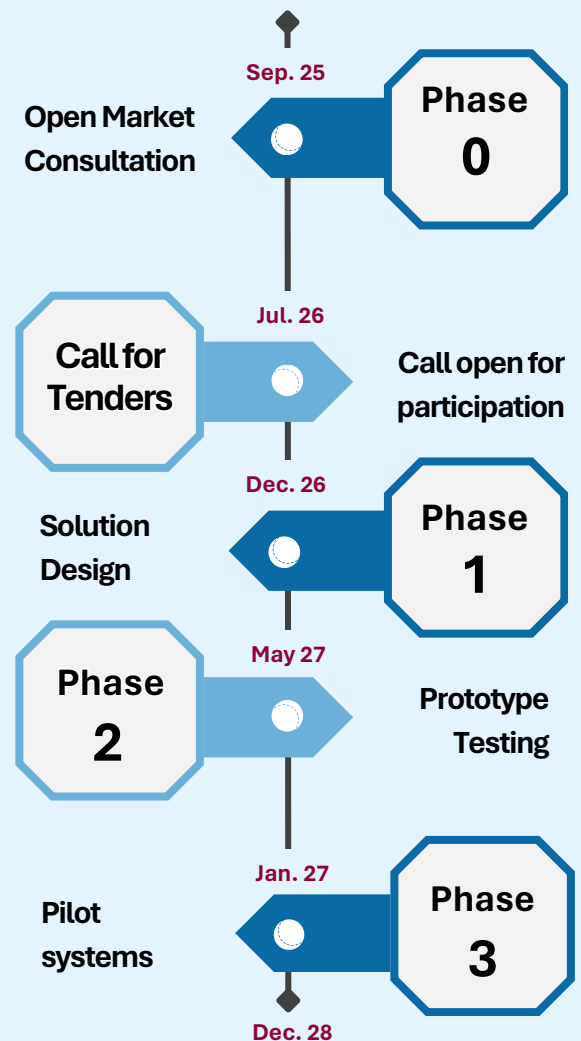

Providing services to 6.4 million clients

2.86€ million to invest in R&D

suHCO tackles the common challenge of driving the sustainability transition in the healthcare sector, by procuring a horizontal digital planning and execution-driven system. The suHCO solution will empower Health Care Organisations (HCOs) to apply sustainable practices more quickly, frequently, widely and effectively.
